

## 罗森鹰 Arvid Lorimer Olsson

I am an outgoing and energetic person. Apart from practicing and playing the tuba I occupy myself with a range of activities. You can often find me at the theatre, at a dance performance or in an art gallery. For exercise I bicycle or fence and when I want to feel free I drive out into the countryside on my motorcycle. If you for any reason overhear a long conversation with me and a friend on the telephone, it almost certainly is about philosophy.
